- ❖ Act 58 Credits for registered nurses
- ❖ Continuing Medical Education for physicians
- ❖ Act 48 Credits for educators
- ❖ Continuing Education Credits for emergency medical services personnel

This symposium will provide information on bio pathogens and the integrated response of the medical, first responder and law enforcement communities.

Subject matter experts from the FBI, US Dept. of Homeland Security, PA Dept. of Health, PA National Guard and medical professionals will identify, and with the audience, explore the diagnosis, investigation and treatment process of the patient/population and the subsequent law enforcement response if the incident is defined to be a criminal/terrorist event.

The symposium is **free** of charge with a working lunch. Parking vouchers will cover the parking expenses at the Westin Convention Center and Greyhound bus station.
